RE: School Property Tax Reduction

The Kelleys Island Board of Education passed a resolution and forwarded it to the Auditor of Erie County instructing him NOT to collect 8 mills of outside school millage for calendar year 2019 ONLY. This action was taken at the monthly school board meeting on October 11, 2018 and will result in approximately \$627,160 in school taxes NOT being collected for one year, 2019.

The Board of Education passed this resolution after reviewing the financial plan projections for the next five years and determined that the district's resources would allow us to pass this savings back to Kelleys Island property owners.

This reduction by the school board, for the NINETEENTH consecutive year, will allow property owners to continue to realize approximately a 37.6% savings on the school portion of their tax bill for calendar year 2019.

The Board of Education reviews the five year financial plan every fall and will act accordingly, keeping the school's financial stability in the forefront and the property owner's tax bill a close second. Should the school or its programs require the full effective rate of voted millage, these reductions would cease.

If you have any questions regarding this action, please feel free to contact Cindy Herndon, President or Jodie Smith, Vice-President.

Sincerely,

Your Kelleys Island School Board of Education
